Dear Mr. Flood,

We would like to thank you and your team members for the fast and complete job that you performed for us at our Marietta location.

The ability of Integrated to design and install our refurbished cubicles on such short notice was very impressive to us. In addition the move was done flawlessly with out any problems. Every one of your crew members showed a sense of urgency during this project.

The on time completion of this project was very critical to us because of our rapid growth and we were very pleased with your teams overall performance.

Thanks again to Rob, Brad and the crew at Integrated Relocation Services for performing as promised.
